

Terms and conditions:

This agreement was last revised on March 24, 2018.

As an important step for safety and trust, please check the driver license and ID for the guest. The ID itself is not enough, make sure the guest is eligible to drive.

- When you meet your guest, please ask to show their driver license, and make sure the name that was in the request is the same as the name in the driver license, and it's not expired or temporary driver license. In addition, make sure The guest face is the same as the one in driver license specially when you compare it to birthdate.
- We suggest that you take a picture of the guest's driver license. Please ask if you can take a picture of the driver license before you do, but you should cover the driver license number for their safety. Please remember if you decide to do that, you should do it in person when you meet your guest at the beginning of the trip, and after their permission
- If the lessor and tenant are both in Saudi Arabia and the hold the citizenship, the lessor must authorize the tenant through Absher program when they both meet and before the trip start (and that's by selecting the trip start and end date), and the tenant must accept the authorization before the start of the trip.

If you have any concerns about the expiration of the driver license or the guest ID please contact us during our business hours. You should not give your car keys if you do not feel good about the guest, whether about their driver license or ID. You should not be shy for your safety.
